

Tips for Charitable Giving

Investigate before you donate. Some con artists use names similar to well-known charities or pretend to raise money for state or local law enforcement agencies. It is important to be informed when making charitable giving decisions.

Charitable giving tips

- Ask for written information, including how much of the money raised is actually used for charitable purposes and how much will end up in the hands of the professional fundraiser.
- Be careful with telemarketers requesting contributions - oftentimes the telemarketer keeps a substantial portion of the donation.
- Do not be pressured into making a contribution or pledge.
- Do not feel obligated to send a donation to charities that send token gifts such as key chains, greeting cards, mailing labels, etc.
- Make certain the charitable organization actually serves the need it claims to serve.
- Ask for financial statements of the organization to determine who will benefit from the donations.
